Background

Mila joined Rangahau Aotearoa as a Quantitative Researcher in April 2024. She is currently working with the quantitative research team on key projects for the Reserve Bank, WorkSafe and the Public Service Commission. Prior roles included:

- Sleep Coach at EdenSleep, monitoring CPAP therapy, analysing patient data, managing clinical administration, and coordinating with healthcare professionals to enhance patient care.
- Marketing Promotions Coordinator at Otago University Students' Association, developing promotional strategies and managing social media and digital marketing campaigns to increase audience engagement for student events.
